

How a global company addresses **new lease accounting rules** at **speed**

Multiple countries

5 continents | Multiple languages | Many currencies and jurisdictions

Billions of dollars in leases

50+ asset types | 100+ landlords and leasing companies | 1000+ stakeholders

Thousands of lease contracts

Decentralized and manual processes

Spreadsheet-based tracking for IT, fleet and other equipment leases

Need to comply with new lease accounting and reporting regulations

AI-powered data abstraction and a global enterprise lease accounting engine

Lease accounting, administration and reporting operations

Standardized policies, controls and governance for lease administration and accounting

Intelligent automation and process transformation

Efficient compliance and improved lease management operations

Reduced lease management effort and audit queries, zero impact on time-to-close

Reduced decision cycles

Proactive mid-term and end-of-term lease management and annual savings

Equipment financing savings through competitive sourcing
